Through meticulous research and empathetic storytelling, Harness transports readers into the heart of their marriage, revealing the complexities, challenges, and enduring bonds that defined their relationship.

Franklin Delano Roosevelt, the 32nd President of the United States, was a charismatic and ambitious politician. Eleanor Roosevelt, his steadfast companion, was a visionary social reformer and a champion of human rights. Together, they navigated the turbulent waters of politics, war, and personal adversity with grace and determination.

From their first meeting in 1902, Franklin and Eleanor were drawn to each other's intelligence, idealism, and shared love of adventure. Their courtship, filled with laughter, shared secrets, and stolen kisses, laid the foundation for a lifelong partnership.

In 1905, they were married in a lavish ceremony at Eleanor's childhood home. The early years of their marriage were filled with happiness and the joy of raising six children. However, their idyllic life was shattered in 1921 when Franklin was diagnosed with polio, a paralyzing disease that threatened to end his political career.

Eleanor stood by her husband's side through his darkest days, becoming his tireless advocate and a symbol of strength and courage for the nation. She played a pivotal role in his presidency, serving as his closest advisor and confidante.
