

Life Beyond Reason: A Father's Memoir

In this deeply personal and moving memoir, the author shares his journey as a father to his autistic son. He offers a unique perspective on the challenges and triumphs of raising a child with autism, exploring the complexities of love, acceptance, and the search for meaning in the face of adversity.

The author's son, Max, was diagnosed with autism at the age of two. At first, the author was devastated. He didn't know what autism was or what it meant for his son's future. But over time, he came to realize that Max was not defined by his autism. He was a unique and wonderful individual with his own strengths and challenges.
