Imagine a world where lowriders are not just cars, but portals to other dimensions. In *Lowriders to the Center of the Earth*, a group of teenagers embark on an epic journey to the center of the Earth in a lowrider Impala. Along the way, they encounter talking animals, giant machines, and an ancient civilization that has been hidden from the surface world for centuries.

The novel is a thrilling and imaginative adventure that is perfect for fans of science fiction, fantasy, and Mexican-American culture. It is also a story about friendship, family, and the power of imagination.

Praise for *Lowriders to the Center of the Earth*

“A wild and wonderful ride that will take you to the center of the Earth and back. This book is a must-read for fans of adventure, science fiction, and Mexican-American culture.” - Rick Riordan, author of the Percy Jackson series

““A thrilling and imaginative adventure that will keep you on the edge of your seat from beginning to end.” -Francisco X. Stork, author of *The Memory of Light*”

““A must-read for anyone who loves a good adventure story. This book is full of heart, humor, and imagination.” -Alex Sanchez, author of *Rainbow Boys*”

About the Author

Luis Alberto Urrea is the author of several novels, including *The Hummingbird's Daughter*, which won the Pulitzer Prize for Fiction in 2005. He is also the author of several works of nonfiction, including *Into the Beautiful North*, which was a finalist for the National Book Award. Urrea is a professor of creative writing at the University of Arizona. He lives in Tucson, Arizona, with his wife and two children.
