The year 2021 was a year like no other. The COVID-19 pandemic swept across the globe, leaving a trail of devastation in its wake. Millions of people fell ill, hundreds of thousands died, and the world was plunged into chaos.

In this powerful and moving book, we tell the story of the pandemic through the eyes of ordinary people from around the world. We hear from healthcare workers who risked their lives to save others, from parents who struggled to homeschool their children, from businesses that were forced to close their doors, and from people who lost loved ones to the virus.

Our Lives in Pandemic 2021 is a testament to the resilience of the human spirit. It is a story of hope, love, and survival. It is a book that will remind us of the importance of community, family, and friends. And it is a book that will inspire us to never give up, even in the darkest of times.
