Cathy Glass's *Saving Danny* is a powerful and moving memoir that tells the story of her son, Danny, who was born with a rare and life-limiting condition. The book follows Cathy's journey as she comes to terms with Danny's diagnosis, learns to accept his limitations, and finds a way to love him unconditionally. *Saving Danny* is a story of hope, love, and the power of the human spirit.

When Danny was born, Cathy and her husband were overjoyed. But their joy was short-lived. When Danny was just a few months old, he was diagnosed with a rare genetic disease called spinal muscular atrophy (SMA). SMA is a progressive disease that weakens the muscles in the body, eventually leading to paralysis and death. There is no cure for SMA, and children with the disease typically do not live past the age of two.

Cathy and her husband were devastated by Danny's diagnosis. They could not imagine life without their precious son. But they refused to give up hope. They spent countless hours researching SMA and looking for new treatments. They also found a support group for families of children with SMA, which provided them with much-needed emotional support.

As Danny grew, he defied the odds. He was a happy and loving child who brought joy to everyone who knew him. He loved playing with his toys, going for walks in the park, and spending time with his family. Cathy and her husband cherished every moment they had with Danny, knowing that their time together was limited.

When Danny was two years old, he passed away peacefully in his sleep. Cathy and her husband were heartbroken, but they were also grateful for the time they had with him. Danny's short life had taught them so much about love, loss, and the power of forgiveness.

Saving Danny is a story of hope, love, and the power of the human spirit. It is a story that will stay with you long after you finish reading it. If you are looking for a book that will make you laugh, cry, and think, then I highly recommend Saving Danny.

About the Author

Cathy Glass is a British author and journalist. She has written over 50 books, including the Sunday Times bestseller *The Foster Child*. Glass is a passionate advocate for children's rights, and she has worked with several charities to help children in need. She lives in England with her husband and three children.
