From heartwarming tales of human connection to chilling visions of a dystopian future, We Dare showcases the full range of possibilities when humanity and technology collide. These stories will challenge your assumptions, spark your imagination, and stay with you long after you finish reading.

Here's a sneak peek at some of the amazing stories you'll find in We Dare:

- "The Girl Who Could Talk to Machines" by Annalee Newitz

- "The Body Electric" by N.K. Jemisin

- "The Augmented Mind" by Paolo Bacigalupi

- "The Last Human" by Ken Liu

- "The Singularity" by Charles Stross

And many more!

We Dare is an essential read for anyone interested in the future of humanity and the impact of technology on our lives. Free Download your copy today!

About the Authors

We Dare features stories from some of the most exciting and innovative voices in science fiction today. These authors have won numerous awards and their work has been translated into dozens of languages.

Here are just a few of the authors you'll find in We Dare:

- Annalee Newitz is an award-winning science fiction author, journalist, and editor. Her work has appeared in The New York Times, The Washington Post, and The Atlantic. She is the co-author of the Hugo Award-winning novel Autonomous.

- N.K. Jemisin is a multiple Hugo Award-winning science fiction and fantasy author. Her work has been praised for its originality, intelligence, and social commentary. She is the author of The Broken Earth trilogy, which won the Hugo Award for Best Novel three years in a row.

- Paolo Bacigalupi is a Hugo and Nebula Award-winning science fiction author. His work often explores the intersection of technology and the environment. He is the author of The Windup Girl, which won the Hugo Award for Best Novel.

- Ken Liu is a Hugo and Nebula Award-winning science fiction and fantasy author. His work has been translated into more than twenty languages. He is the author of The Paper Menagerie, which won the Hugo Award for Best Novella.

- Charles Stross is a Hugo and Nebula Award-winning science fiction author. His work is known for its dark humor, political satire, and exploration of the human condition. He is the author of the Laundry Files series, which has been praised for its originality and wit.
